Representative Gipp called the meeting to order and roll was taken. Minutes from the April 10, 2001 meeting were approved as written.

Representative Gipp then announced that the Committee would review and pass the transportation bill on Thursday, April 12th. He then introduced David Reynolds, Legislative Analyst for the Legislative Fiscal Bureau, to go over the changes in the Governor's revised budget regarding infrastructure.

Dave stated that the revised budget represented \$2.3 million less in recommendations than the Governor's original budget and he then went through the various changes made. During his presentation, questions from several members of the Committee were taken from the floor.

Co-Chairman Jensen then stated again that the transportation bill would be passed on Thursday and that amendments needed to be brought for consideration.

Co-Chairman Jensen also mentioned that the visitors who had arrived late in the meeting were students from Waverly-Shell Rock High School.

Chairman Gipp then stated that for the General Services tour of the laboratory facilities originally scheduled for Monday, April 9, no members had shown up for the tour and no action would be taken on that this year but would be discussed again next year.

There being no further business to come before the committee, Representative Cohoon moved to adjourn.
